

**Organised by Kirkstall  
in collaboration with INVITROM and Utrecht University**

## **CALL FOR PAPERS**

### **Advances in In-Vitro Cell and Tissue Culture**

**and 4<sup>th</sup> Annual *Quasi-Vivo*<sup>®</sup> User Group Meeting**

**22-23 May 2012**

**Utrecht, The Netherlands**

Join us in the historic city of Utrecht for this Congress. This is a forum for Europe's leading researchers to present their in-vitro cell culture advances and exchange ideas. It is a 'Gordon Style' event at which everybody who attends is encouraged to contribute either by presenting papers, preparing a poster or running a discussion session. Prizes will be presented to the best student posters.

Keynote papers have been invited on the following topics:

- Pharmaceutical Drug Discovery and Development
- Safety Testing of Food, Household Products & Cosmetics
- Innovative Solutions to Industry Needs from SME's
- Progress on Regulatory Changes relating to Replacement of Animal Testing
- New Developments in 3D cell and tissue culture
- Human Cell Supply and Culture

Additional Contributions are solicited now on the following topics:

- Flow Systems and 3D Culture
- Reduction and Replacement of Animal Testing
- Good Cell Culture Practices
- Disease Modelling

**We welcome both oral and poster presentations,  
submit papers now, closing date 20<sup>th</sup> January 2012**

**Contact Conference Technical Chair Dr Kate Darley**
